

Venue Plan 2024

The red lines indicate where the horses will be on the course. We will rope off the centre of the venue field to allow them safe access to and from the start/finish (as shown by the white lines).

- W There is a water point at the bottom of the venue field and also in the corralling field. If driving down to the water point in the venue field, please be cautious of horses crossing.
- P Crew are invited to park in front of the hold and crewing area if your horse is in there. Otherwise, please park in the day parking area.
- S/F All FEI and CER competitors start and finish here.
- S/F All other competitors (GER, PR and PC) start and finish here.
